DETAILED ACTION

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

On the first paragraph of the Specification the continuing data should be inserted. Application number 09/878,009 is a continuation of Application No. 09/097,283. Appropriate action is required.

Claim 7 is canceled.

Allowable Subject Matter

Claims 1, 4-6 and 8-20 are allowed over the prior art.

The following is a statement of reasons for the indication of allowable subject matter: Applicant has claimed uniquely distinct features storing a plurality of icons in a memory along with a corresponding plurality of references to an underlying file system for storage information for a plurality of files, each icon having an appearance substantially depicting information content from its corresponding file, wherein the plurality of icons were created by capturing at automatically one or more graphical representations of one or more portions of information content of an icon's corresponding file while an application was manipulating an icon's corresponding file and include selected portions of the captured one or more graphical representations of the information content; linking an application to each icon based utility on the ability of the application to manipulate the information content of the file corresponding to the icon; providing a window on a display screen for displaying the plurality of icons; invoking the

application for manipulating the information content of the file cc responding to the selected icon upon selection of an icon from the plurality of icons in the window; accessing the file designated by the reference to the underlying file system corresponding to the selected icon; and opening the accessed file into the corresponding application. These features are not found or suggested in the prior art.

The closest prior arts Scott and Knowlton discloses a conventional system that controls activating a new screen are automatically assigned by the one to one correspondence between the ordering of the template and the structure within the interactive presentation editor; either singularly or in combination fail to anticipate or render the above underline limitations obvious.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
